

Safety Assessment Program Evaluator and Coordinator Training
Monday, March 19, 2018
9:00 a.m. to 5:00 p.m.

Disasters: Real Life vs. Training
Tuesday, March 20, 2018
9:00 a.m. to 4:00 p.m.

Lucchesi Community Center, 320 North McDowell Blvd., Petaluma, CA 94954

The SAP Evaluator Training provides detailed instruction on required forms, placards, and the evaluation procedures for all buildings (including residences and mobile homes). The SAP Coordinator training will provide a basic overview of Incident Command System (ICS), the California Standardized Emergency Management System (SEMS), and a review of the National Incident Management System (NIMS); and give participants an understanding of how the Safety Assessment Program (SAP) fits within the ICS functions. In addition, the course will provide guidance on planning for and performing a successful Safety Assessment Program response operation. 8 CEU's Download Course manuals at: <http://www.caloes.ca.gov/cal-oes-divisions/recovery/disaster-mitigation-technical-support/technical-assistance/safety-assessment-program>

Disasters: Real Life vs Training A preparatory program that will provide tools, resources and information that will allow Building Inspectors, Building Officials, and Building Management to prepare for disasters before and after an event by having an emergency disaster preparedness plan which includes useful documents, and resources for their building department. 6 CEU's
